chair. There was a good attendance. Reports were presented from the Secretaries of the Singapore Yacht Club, the Singapore Museum, and several proposals for membership were handed in. Mr. Hosio read the first part of a paper by Mr. Parker, of the M. S. Consular service at Chungking, on the subject of "The Yacht in the Far East." The first part is being in the least technical and more important to the general public than the others. Mr. Slevogt drew the attention of the meeting to two recent additions to the Library of the Society. Votes of thanks were passed to the readers of Mr. Parker's paper were passed.

Captain Peterson, of the steamer *Hindoo*, which was sunk on the night of the 17th, inst., off Oohsen, by H. M. S. *Lepus* and *Albatross*, was the first speaker. He and his officers and crew, by the name *Harwich*.

We hear that the U. S. corvette *Albatross* is likely to leave on Saturday for Japan, and that the U. S. *Monocacy* is expected to follow her. This is the first time that the fleet has been on her way to this port.

The annual general meeting of the members of the Cricket Club was held last evening (28th) at the Shanghai Club, under the Chairmanship of Mr H. R. Hearn, of the *Albatross*. The attendance was a very good attendance of members. The financial statement for the past year showed that the receipts had been £1,613.16. Still it left a debit balance of \$62.13. Still it was unanimously considered to have a satisfactory year. The accounts were unanimously passed. Mr. H. R. Hearn was re-elected President, and Messrs W. H. Tottis, W. C. Ward, J. L. Scott, R. T. Slarkey, A. Anderson and F. Combes were elected members of the Committee for the ensuing year.

The C. N. Co.'s steamer *Perkio*, which arrived yesterday (29th) from Hankow, reports that the water-rat scare there on the 23rd inst. was a false alarm.

The British barque *Ug*, of *Edg*, Captain Morrison, which arrived here the 3rd of February from Singapore, has

changed owners, Mr. C. L. Simpson,
the firm of Messrs S. C. Farnham &
Co.

The M. Co.'s steamer *Anadyr*, which
passed Gutzlaff on the morning of the 28th
ult., left Hongkong at five o'clock on Sun-
day evening, and experienced dense fog
during the whole journey up, the sun be-
ing hidden from board all yesterday
(29th). For many hours in succession
different occasions the steamer proceeded
at reduced speed; and no stars, lights
land were seen until Friday was sighted
about 4 o'clock on Thursday afternoon.
The vessel put on board all yesterday
morning, and arrived at anchor at a
distance of about six miles. About a quar-
ter past seven yesterday morning (29th) a junc
was suddenly seen lying at anchor some
ahead; the steamer's course was altered
and she nearly did so, but the fore-mast
clearly showed her to be a Russian ship,
on the head of a *Lascar* who was lo-
cated over the side, killing him instan-
taneously.

The steamer was stopped, and the chief
officer was sent in a boat to enquire as to
the safety of the junk. He found that
the vessel had been wrecked, and that
some of the woodwork forward were
only injuries she had sustained, and that
no one on board had been hurt.

(Courier.)

It is officially announced that during
J. E. Reding's temporary absence, Mr.
W. Federer, of H. I. Russian Majors
Legation at Peking, will discharge the
Russian Consulate at Shanghai.

A large junk drifted with the tide
yesterday morning (28th) against H.M.S. *Mosque*
and carried away some of the head-gears
of the latter, including her ribboom.

The junk was towed by the tugboat
for Japan at 11 o'clock this morning (28th)
mustered on the quarterdeck and placed
national airs, while the various ves-
sels dipped their flags. We learn that
Richmond is to be fitted in England
repairs to her propeller. After the repa-
irs have been effected, she will proceed
Panama, or to one of the United States
ports, where she will receive a new crew,
with the exception of about 50 men, who
will remain on board.

Richmond is expected to arrive here
be expected back in Eastern waters by
end of the present year. By an omission
certain words last night, we were led
to state that the *Richmond* would re-
turn. It should have been the great
return of the present crew would return.

Mr E. G. Voullimont, Manager of
the French flag, leaves for France on the
Monday by the *Tahago Maru*. Mr J.
Reidy leaves for Europe by the same
steamer.

The French cruiser *Champlain*, Com-
mander Dubrot, arrived here this morn-
(29th) from Nagasaki, which port she
left on the 26th instant.

THE CHINA REVIEW.

THE widely-expressed regret at the discontinuance of *Notes & Queries on China and Japan*, has induced the publishers of this journal to issue a publication similar in object and style, but slightly modified in certain details.

THE CHINA REVIEW, or *Notes and Queries on the Far East*, is issued at intervals of two months, each number containing about 16 octavo pages, copiously illustrated with lithographs, photographs, woodcuts, &c., should the papers published demand, and the circulation justify, such extra matter.

The subscription is fixed at \$6.50 postage paid, per annum, payable by non-residents in Hongkong half-yearly in advance. The publication includes papers original and selected upon the Arts and Sciences, Ethnology, Folklore, Geography, History, Literature, Mythology, Manners and Customs, Natural History, Religion, &c., &c., of China, Japan, Mongolia, Tibet, the Eastern Archipelago, and the "Far East" generally. A more detailed list of subjects upon which contributions are especially invited is incorporated with each number. Original contributions in Chinese, Latin, French, German, Spanish, Italian or Portuguese, are acceptable. Endeavours are made to present a résumé in each number of the contents of the most recent works bearing on Chinese matters. Great attention is also paid to the Review department.

Notes and Replies are classified together as "Notes" (head references being given, when furnished, to previous Notes or Queries), as are also those queries which though asking for information, furnish new or unpublished details concerning the matter in hand. It is desirable to make the Queries proper as brief and as much to the point as possible.

The *China Review* for July and August, 1875, is at hand. It says that forty essays were sent in to compete for the best paper on the advantages of Christianity for the development of a State. All our learned societies should subscribe to this scholarly and entertaining Review. It is a sixty-page, bi-monthly, repository of what scholars are ascertaining about China. The lecture on Chinese Poetry in this volume is alone worth the price of the Review. Address *China Review*, Hongkong.—Northern Christian Advocate (U.S.).

Trübner's *Oriental Record* contains the following notice of the *China Review*:—"This is the title of a publication, the first number of which has lately reached us from Hongkong, where it has been set on foot as in some respects a continuation of *Notes and Queries on China and Japan*, the extinction of which useful serial paper two years ago has been much regretted in Europe as well as in China. The present publication, judging by the number now before us, is intended to occupy a position, as regards China and the neighbouring countries, somewhat similar to that which has been filled in India by the *Calcutta Review*. The great degree of attention that has been bestowed of late years upon the investigation of Chinese literature, antiquities, and social developments, to say nothing of linguistic studies, has led to the accumulation of important stores of information, rendering some such channel of publicity as is now provided extremely desirable; and contributions of much interest may fairly be looked for from the members of the foreign consular services, the Chinese Customs' corps, and the missionary body, among whom a high degree of Chinese scholarship is now anxiously cultivated, and who are severally represented in the first number of the *Review* by papers highly creditable to their respective authors. In a paper on Dr. Legge's *She King*, by the Rev. E. J. Eitel, to which the place of honour is deservedly given, an excellent summary is presented of the chronological problems and arguments involved in connection with this important work. Some translations from Chinese novels and plays are marked by both accuracy and freshness of style; and an account of the career of the Chinese poet-statesman of the eleventh century, Su Tung-p'o, by Mr. E. O. Bowring, is not only historically valuable, but is also distinguished by its literary grace. Brief notices of new books relating to China and the East, which will be a useful feature of the *Review*, if carried out with punctuality and detail, we are glad to notice that 'Notes' and 'Queries' are destined to find a place in its pages also. It is to be hoped that this opening for contributions on Chinese subjects may evoke a similar degree of literary zeal to that which was displayed during the lifetime of its predecessor in the field, and that the *China Review* may receive the support necessary to insure its continuance. The publication is intended to appear at intervals of two months, and will form a substantial octavo magazine."

THE CHINESE MAIL.

This paper is now issued every day. The subscription is fixed at *Four Dollars* per annum delivered in Hongkong, or *Seven Dollars Fifty Cents* including postage to Coast ports.

It is the first Chinese Newspaper ever issued under purely native direction. The chief support of the paper is of course derived from the native community, amongst whom also are to be found the guarantors and securities necessary to place it on a business and legal footing.

The projectors, basing their estimates upon the most reliable information from the various Ports in China and Japan, from Australia, California, Singapore, Penang, Saigon, and other places frequented by the Chinese, consider themselves justified in guaranteeing an ultimate circulation of between 3,000 and 4,000 copies. The advantages offered to advertisers are therefore unusually great, and the foreign community generally will find it to their interest to avail themselves of them.

The field open to a paper of this description—conducted by native efforts, but progressive and anti-obscure in tone—is almost limitless. It is on the one hand commands Chinese belief and interest while on the other it deserves every aid that can be given to it by foreigners.

Like English journals it contains Editorials with Local, Shipping, and Commercial News and Advertisements.

Subscription orders for either of the above may be sent to

Local Delivery.

1. All correspondence posted before 6 p.m. on any week day for addresses in Victoria will be delivered the same day, and generally within two hours, unless the delivery should be retarded by the Contract Mails.

2. Invitations, &c., can generally be delivered within Victoria at the private houses of the addressees rather than at places of business, if a wish to that effect be expressed by the sender, otherwise all correspondence is invariably delivered at the nearest place of business.

3. Boxholders who desire to send Orders, Dividend Warrants, Invitations, Cards, &c., all of the same weight, to addresses in Hongkong, Bangkok, or the Ports of China and Japan, may deliver them to the Post Office unsealed, the postage being then charged to the sender's account. Each batch must consist of at least ten.

4. Boxholders may also send Patterns to the same places in the same way. Envelopes containing Patterns may be wholly closed if the nature of the contents be first exhibited or stated to the Postmaster General, as he may consider necessary; and approved by him. Printed Circulars may be inserted in such Patterns.

PARCELS.—The public is reminded that there is no such thing as Parcel Post to Europe, &c. Much trouble and disappointment are caused by persistent attempts to send small valuable articles through the Post. Fans, Chinese Articles of Dress, Fancy Work, and similar presents are continually being refused; the sender being told that the nature of the contents be first exhibited or stated to the Postmaster General, as he may consider necessary; and approved by him. Printed Circulars may be inserted in such Patterns.

Local Parcel Post.

1. Small Parcels may be sent by Post between any of the Post Offices in China, or Japan, as well as to Macao, Pak-hoi, Singapore, Penang, and Malacca. They must not exceed the following dimensions, 2 feet long, 1 foot broad, 1 foot deep, nor weigh more than 11 lbs. The postage is 20 cents per lb., which includes Registration except to Japan, to which country parcels are forwarded at Book Rates, being optional. The parcels may be wholly closed if they bear this special endorsement, PARCEL, CONTAINING NO EXCESS, but any parcel may be opened by direction of the Postmaster General.

2. The following cannot be transmitted: Parcels insufficiently packed or protected, or liable to be crushed (as cardboard boxes), Glass, Liquids, Explosive substances, Matches, Indigo, Dye-stuffs, Ice, Meat, Fish, Game, Fruit, Vegetables, or whatever is dangerous to the Mails, or likely to become offensive or injurious in transit.

3. Parcels will as a general rule be forwarded by Private Ship, and by Contract Mail, if the Post Office reserves the right of selecting the opportunity for transmission, and of delaying delivery in case the number of parcels is such as to retard other correspondence. No responsibility is accepted with regard to any parcel, but the sender against any but a very remote probability of loss.

4. The public are cautioned not to confound these facilities with a Parcel Post to Europe, &c., which does not exist.

It is necessary that the following rules be strictly observed.

1. No Letter or Packet, whether to be registered or unregistered, can be received for Postage if it contains gold or silver money, jewels, precious articles, or anything else, as a general rule, is liable to Customs duties.

2. This Regulation prohibits the sending of Patterns of the like articles, unless the quantity sent be so small as to make the sample of no value.

3. The limits of weight allowed are as follows: Books and Papers to British Office, 5 lbs.; to the Continent, &c., 4 lbs. Patterns to British Offices 5 lbs. If without intrinsic value, 1 lb. to the Continent, &c., 8 oz.

Indemnity for the Loss of a Registered Letter.

The Post Office is not legally responsible for the safe delivery of Registered correspondence, but it is prepared to make good the contents of such correspondence lost while passing through the Post to the extent of \$10, in certain cases, provided:—

1. That the sender only observed all the conditions of Registration.

2. That the letter was securely enclosed in a reasonably strong envelope.

3. That application was made to the Postmaster General of Hongkong immediately the loss was discovered, and the envelope being invariably forwarded with such application unless it also is lost.

4. That the Postmaster General is satisfied that the loss occurred whilst the correspondence was in the custody of the British Postal Administration in China, that it was not caused by any fault on the part of the sender, by destruction by fire, or shipwreck, nor by the dishonesty or negligence of any person not in the employment of the Hongkong Post Office.

5. No compensation can be paid for mere damage to fragile articles such as portraits, watches, handkerchiefs, bound books, &c., which are sent by the destination, although in a broken or deteriorated condition.

Money Order Regulations.

1.—Money Orders are exchanged with the United Kingdom, New South Wales, Queensland, South Australia, and Port Darwin, the Straits Settlements, Western Australia, and (except at Shanghai) with the Japanese Empire. Hongkong also issues orders on Shanghai, and vice versa.

2.—Small sums may be remitted between the other Ports by means of Postage Stamps, subject to a charge of one per cent. for cashing them.

3.—Many Money Orders are supplied to residents at the smaller Ports in the day. An application for an order is filled up, and is enclosed with a stamped, directed, and unsealed envelope to the Postmaster at the nearest issuing office. The application must be accompanied with the full amount (including commission) in cheques, postage stamps, or other equivalent, and a bill of exchange. The Postmaster issues the order, sends it on in the envelope, and returns the change, if any, by first opportunity, with a receipt for the letter, if it were to be registered, as it always should be. Care should be taken to send these applications in time, as the Money Order Office closes some hours before the departure of the mails.

4.—No order must exceed \$10, or \$50, or include any fraction of a penny, nor will more than two such orders be issued to the same
